Summer is here
Party on the warm sand
We're drinking beer
All the girls are tanned
Bikinis everywhere
Fun can't end

Sand on my skin
People looking at me
Phone on my chin
Missed calls from my mommy
Let's make another spin
No can see

Summer at the beach
But I still see snow
On a floating water park
I'm high and I'm low
Slushies give me some brain freeze
And I can't feel time
I'm not thinking, I feel free
Can't hear the chimes

Her breath taking
Cold laying on the ground
Somebody's worried
Someone, call 9--1--1
Red and blue lights flashing
No more fun

Summer at the beach
But I still see snow
On a floating water park
I'm high and I'm low
Slushies give me some brain freeze
And I can't feel time
I'm not thinking, I feel free

Can't hear the chimes

Started to write to my mom
"Freaking out, I'm not okay"
Don't know where the pain comes from
Try to find a rescue way
Feeling under the weather
Seeing things when eyes are closed
Blue lips, chest pain, and thunder
It's an overdose

Summer at the beach
But I still see snow
On a floating water park
I'm high and I'm low
Slushies give me some brain freeze
And I can't feel time
I'm not thinking, I feel free
Can't hear the chimes

Summer at the beach
But I still see snow
On a floating water park
I'm high and I'm low
Slushies give me some brain freeze
And I can't feel time
I'm not thinking, I feel free
Can't hear the chimes

Summer at the beach
But I still see snow
On a floating water park
I'm high and I'm low
Slushies give me some brain freeze
And I can't feel time
I'm not thinking, I feel free
Can't hear the chimes
